

Just to let You Know

Sound of the Week

o-e (magic 'e') eg cone, nose, globe, stone, bone.

Please remember to practise these words at home in the 'Sound of the Week' books and choose one word to include in a sentence.

Maths

This week we are continuing working with tens and units. The children have made a good start at this and we will continue to work in a practical way indoors and outdoors.

Weaving

The children have begun making their own small woven blankets for a toy. If you have any spare wool at home we would be very grateful (especially the thicker kind!).

Literacy

The children have enjoyed making their puppets and speech bubbles related to the 'Snail and the Whale' story.

They had great fun sharing their stories this morning after eating hot buttered toast!

Next week the children will be planning and writing their own 'Snail and the Whale' stories.

PE

We are very pleased with the way the children are working so co-operatively with each other during partner work time in the PE lessons. They are very confident at climbing and landing safely, balancing and thinking of interesting ways to travel along the equipment.

Wild Place

We will not be going this week (23rd). Please remember to sign up for future weeks - we need your help!
