

Topic fun

This week we have begun our round the world adventure by exploring the atlas and the world map. We have learned geographical vocabulary for different parts of the world, and thought about what places would be like depending on where they are. We have also had a look at our local

Writing Corner

We have been having a think about writing questions this week, writing the questions we would like to ask our assembly heroes.

Choose a famous person, What would you like to ask them? Remember a question word—who what where when why—and a question mark.

I'm bored box.

Find an atlas or use the computer and plan a round the world trip! Where would you go? How would you travel? What animals would you meet?

Maths Corner

This week we have been learning to round numbers to the nearest 10. We have learnt that numbers that end in 5 always go up! We have also been thinking about how numbers fit together and thinking of numbers that are between—find a number that is be-

Round the world..

Nuts and bolts.

This week we have been practising spelling some geographical words.

Pole cold hot north
south east west equator
globe

We have been practising these joins in our handwriting.

Things to remember...

As you know, we often work outside or even at the Wild Place, and this will be true this term even more than last. Please can you make sure that your children always have wellies or trainers at school and have a coat to wear in case of bad weather.

As promised the dates for the curriculum evenings are as follows; Monday 6th February at 8.00. OR Wednesday 22nd February at 8.00.

We really hope you can come. Please sign up with Ruth in the office so we can get a rough idea of numbers.

Thank you to everyone who is helping with group and individual reading—it is really appreciated.
