

Just to let you know...

In English we have begun reading *Iron Man* by Ted Hughes and created wanted posters for this iron giant!

We have also chosen a snowy scene as a stimulus for our story writing. The children are working on writing interesting 'beginnings', 'middles' and 'ends' with fabulous punctuation and grammar!

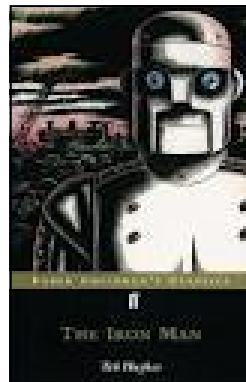

Try this for story writing tips and activities...

In Maths we have been working on different methods of division with and without remainders and sorting objects using Venn Diagrams.

For bus stop division practice...

We have had a very busy and enjoyable week. The main focus for this term is science and our topic is 'MATERIALS'. To extend our knowledge of the topic will be going up to the Science Museum on the 7th February.

This week we have found a variety of different objects around school and have sorted them using a range of criterion.

We would like to start a collection of metal objects that we will use to build our own 'Iron Man'. Please have a hunt in the shed, garden and around the house for any unwanted metal items, large or small!

A super start to the new term!

PE

4A has now started swimming and had a great first lesson! Please wear socks on these days and have waterproof swim hats.

Due to the weather please send in joggers for PE kits and ensure a pair of socks, coats and trainers are available all week.
Many thanks!

Words of the week!

leaf	touched	sniffs	rushed
leaves	washed	glove	fixed
scarf	buzzed	gloves	wished
scarves	hissed	sniff	rushed

Very many thanks for all of your kind wishes and generous gifts at Christmas.

They were *greatly* appreciated and very much enjoyed!

Alison, Nick, Tracey and the Year 4 team
