

Just to let you know...

RE

We launched our new RE focus this week and the children thought about why we should care for God's World. We had lots of in depth discussion and the children produced posters with ideas about things that concern them in our world.

MATHS

We have been looking at fractions this week and the children have been finding equivalent fractions and fractions of amounts. We also revised the 'bus stop' method of short written division.

Have a look at the activity on www.mymaths.co.uk

Username: pewley. Password: squared.
Click on: fractions, fractions of amounts
or simple equivalent fractions

Just to let you know...

Dear Parents,

Thank you to everyone who came to view the upcoming Sex Education DVD. The children will be viewing and discussing a DVD on changes, on Tuesday 28th May. This covers the changes our body go through as we grow up in preparation for adulthood.

Our Sex Education and Relationships Policy is on the website and please feel free to come and ask any questions.

4J and 4JM will be visiting Dapdune Wharf on Monday 4th July and 4JW on Tuesday 5th July. Please email your child's class teacher if you would like to come and help.

Don't forget that school is closed for Midsummer INSET on Monday 27th June

Many thanks!

James, Jo, Heather and Bec

Geography

We have looked at features of rivers, including the physical and human geography of our local River Wey, in preparation for our trip to Dapdune Wharf. The children learnt names of the major features and had a go at sketching the River Wey.

SPELLINGS

Please look at and learn these spellings for Monday, as well as two of their chosen spellings, which will be in their reading journals

safer	tamer	latest	simplest	littlest
liveliest	spiciest	juiciest	fitter	saddest

ENGLISH

The children have really enjoyed getting their teeth into their adventure stories. We spent lots of time planning each section and looking at the features of great adventure stories. They shared their stories to peer mark, then did a final edit on their own. The final results have been fantastic and we're really impressed with the quality of work.
