

English

This week we have concluded our own Greek style myths. With heroes and mythical beasts battling it out, it has been quite an adventure!

Look out for Holiday Homework sheets next week, as the children will be writing a blurb and designing a front cover for their stories over the holidays.

Maths

This week in maths we have focused on telling time to the hour, half and quarter hour and solving time related word problems. Maybe you could try and use your new learning at home during the holidays?

Art

The children used their Greek myths as a starting point for creating their own mythical creature from clay. The resulting monsters are amazing and we are looking forward to painting them after half term. We also made our own Greek style sgraffito clay pot using coiled clay; these will be fired after the holidays.

Holiday homework

Please find time to complete the holiday homework and return it to school after the holidays. The children have worked so hard on their Greek myths and are looking forward to designing a front cover and writing a 'blurb'.

Science Week

The first week back after half term will be our school Science Week so we will not have Year Three Reading Carousel .
3T swimming is cancelled for this week and will resume the following week.

Greek Day

Friday 16th March is our Greek workshop day. The children will need to wear a simple chiton (Greek costume) to school. Please make sure the costume is comfortable and suitable for participation in the drama session and lunch/playtime.

Y3 Open Afternoon

Year Three will hold an open afternoon on Friday 23rd March from 2pm. This is an opportunity for the children to celebrate their achievements and share their wonderful topic work with you. The children will need their Greek costume for the afternoon—please send in to school in a named bag.
