

Year One
Beech and Oak
24th January 2014

Friendly Reminder

Just a reminder that the children shouldn't be bringing in any toys or games, including trading cards. It's always sad if they get damaged or lost so try to keep them at home.

Sound of the Week

This week some of us are learning new sounds and some of us are revising the sounds we have already learnt. See if you can complete the sound of the week activities in your book?

Dear Parents,

We have had a lovely week of exploring mixed up fairytales and creating our own! It was fun mixing up the characters, settings and events to create weird and wonderful stories. We also enjoyed hearing some tales with a twist, stories that were based on traditional tales but had a slight twist to make them a bit different. We had a go at thinking of our own ideas for story endings to make them a bit different. We have been enjoying our gym sessions and had a go at learning and developing a simple sequence.

Emily and Hannah :)

You may have seen comments in your child's JTLYK book about Guided Reading. This means the children have read as part of a group with a specific reading focus, e.g. vocabulary, comprehension, expression etc.

Maths Focus

This week we have been practising mental methods to solve addition and subtraction problems. We have been learning to put the biggest number in your head and count on or back to add or subtract using our fingers to help us count.

Can you solve these problems by counting on or back?

$4 + 3 =$ $10 - 4 =$ $11 + 8 =$ $20 - 7 =$ $31 + 9 =$ $46 - 4 =$

Can you pick a number between 1 and 100 and roll a dice to see how many you need to add or take away?
