

Just to let you know...

In English we looked at similes and then studied the poem *The Magic Box* by Kit Wright. The children then did lots of mind mapping and came up with their own stunning versions of this classic poem.

This week in History we learned about mummification and made our own mummies out of mod rock. To find out more visit the website: <http://www.childrensuniversity.manchester.ac.uk>

We had an exciting start to the week with a special visit to Year R to teach them all about the planets. Our Pewley friends enjoyed all of the resources we created and it was a valuable learning experience for both year groups.

FLUFFY is on Friday 14th please remember to bring in £1.

Many thanks,
Henry, Heather and Alison

Maths this week has been all about fractions. The children looked at equivalent fractions, improper fractions and mixed numbers. They have worked out fractions of amounts and used what they have learnt in problem solving.

A great website with several games for practising is:
<http://www.maths-games.org/fraction-games.html>

Don't forget look at mymaths:
www.mymaths.co.uk

Username: pewley

Password: squared

Go to 'level 4' then 'number' then 'fractions' and there are some good activities to consolidate what we've been doing.

Spellings for this week are:

Gp 1: hop, hopping hopped, hug, hugging, hugged, stop stopping, stopped

Gp 2: hope, hoping, hoped, hop, hopping, hopped, dine, dining, dined, stop, stopping,
