

English

English this week we have been practising our reading and answering questions about what we have read. We have also completed our amazing Danny and the Dinosaur stories, which you'll be able to see at our dinosaur museum in the summer.

Maths

This week we have been looking at multiplication and division, as simple arithmetic and as word problems.

E.g. $2 \times 9 = 18$

Jo has nine pairs of shoes. How many shoes does Jo have altogether?

YEAR 2 NEWS

Natural History Museum Trip

Next week you will receive the letter about our trip to the Natural History Museum Monday 19th June. Please complete and return the form at the bottom of the letter and return it to school before half term.

If you would be available to help with the trip, please let us know. We'd love to have lots of helpers.

MATHS FUN WEEK

Next week we will be focussing on all of our Maths learning from this year so far. Please ask your child about what they have been learning each day.

Sandcastle Extravaganza!

You will have received a letter & sponsorship form for our Sandcastle Extravaganza—taking place on Friday 12th May—to raise funds for our new outdoor resources. Please complete and return the form, so that we can let you know how many sandcastles your child completed in the time allowed.

Run to Sochi

The children are doing so well with running to Sochi! The children's physical fitness really helps their mental fitness too!

Why not try and get out for a run over the weekend?
