

# JUST TO LET YOU KNOW..

## Maths

The children have worked really hard to develop their understanding of fractions of shape and number.

They have added fractions, recording the amount as either an irregular fraction or a mixed number fraction. They have also applied their understanding to solving worded problems involving fractions.

## English

During English the children have written a diary in the style of a WW2 evacuee.

We are so proud of how hard they are working and have been impressed with the quality of their work.

## Art

We experimented with different sketching pencils before sketching some of the WW2 artefacts we have in school, focusing on shading techniques and line weight.
