

Just to let you know...

Reception

Hazel & Willow

After reading 'Mr Benn in Space' the children have been fascinated by space, rockets, space stations, the moon and the planets. Next week we will continue to find out much much more!

Thank you

Thank you for sending in so many envelopes, note pads, post it notes etc for the children to write on. They are really enjoying having a go at writing on all these different types of paper. The children were especially excited by the selection of envelopes so any more would be gratefully received!
Thank you

Next week we will read
'WHATEVER NEXT!'
by Jill Murphy.

The children will then have a go at writing about Baby Bear's trip to the moon with owl, as well as acting out their own versions of the story.

We plan to make little sandwiches for our 'Moon Picnic' which we will enjoy eating at our 'Moon Adventure.'

The Wild Place

We had a lovely time at The Wild Place this week. As part of our Mr Benn LEAP we made space collages from flowers, moss and leaves.

Thank you once again to our kind helpers. We are very grateful to you.

Cooking Corner:

We will make tasty little 'star and planet' sandwiches to eat at our 'Moon Picnic.'

Maths

Next week we are going to be adding and taking away within 10 or 20 while taking part in lots of fun problem solving activities in the classrooms, Rainbow Room and the garden. We will be using our fingers, counters or a number line to help us to add and take away.
