

JTLYK YEAR ONE
FRIDAY APRIL 24TH 2015

Sound of the Week

Thank you for continuing to support and encourage your child with phonics practice each week. We are working hard to help the children become very confident with recognising, blending and using the sounds in words.

Maths Corner

This week we have been practising writing our numbers the right way round. The children have made up their own number sequences counting forwards and backwards, found missing numbers, counted in 2's, 5's and 10's. **At home practise writing counting in 2s and 5s up to 30 (eg 2,4,6,8 ...)** taking care with forming your numbers. **Take care with those teen numbers!**

Dear Parents

We have had a lovely time this week with our 'Gardener George' challenges! We watched our cress grow with and without water and light and discovered that nice green cress does need both! This week we have planted dwarf bean plants (we don't want any unwelcome giants!) in our very own pots and are learning to tend them to help them grow... We are keeping a 'Bean Diary' on their growing progress. Keeping with the bean theme, this week the children learned to write the story of 'Jack and the Beanstalk' in the right order. We are very proud of their tenacity for writing now! Captain Connective also made an appearance and showed us how to join two sentences with 'and', 'so' and 'because'. Have a great weekend.
Emily and Sheena :))
