

Topic Fun

Our focus for this week has been on the houses of 1666. We have thought about what they looked like, what they were made of and what would have been different to our houses today.

We have made houses in lots of different ways. We used black and white paper to make Tudor houses and measured accurate squares to make maths houses. We also had a go at making wattle and daub walls!

Topic Words

Please continue to talk about our topic vocabulary:
Tudor, fire, wattle and daub, baker, potter, blacksmith, thatch, houses, plague.

Friday 27th Sept

Maths

Number bonds to 10 and 20. Practise these using fingers (bonds to 10) or use 20 beads/cars/crayons, separate any number so that you can write a number sentence that equals 20 ($17+?=20$). We have been looking at 2 digit numbers and identifying which is the tens and which is the units numbers.

I' m Bored Box

Have a go at a bit of old fashioned living and see if you can go for a day without using anything electrical. Tell us how you do! Build yourself a house (a sheet over a table will do) and pretend your are on Pudding Lane. What can you see as you walk out of your front door? Make up a story or play and show us a video or photo on Monday.

Things to Remember

Please bring a small backpack with a water bottle in to the Farmers' Market trip.

Our Harvest collection this year is for Syria and No5 Project. See newsletter for details.

Please help your child to tie their own shoe laces.

Writing Corner

We've been making sure we remember all about the basics of sentence writing this week (using full stops, capital letters and reading through to make sure it all makes sense).

Have a go at writing some sentences this weekend and tell us what you have been doing. We would love to see you using 'and' and 'then'!
